

11
H. J.

AN AGREEMENT, made the 5th day of MARCH, 1973, between
THE CITY OF BINGHAMTON, a municipal corporation in the County of Broome
and State of New York, and the VILLAGE OF JOHNSON CITY, a municipal corpor-
ation of the County of Broome and State of New York.

WITNESSETH, as follows:

The parties hereto mutually agree as follows:

WHEREAS, The City of Binghamton (hereinafter referred to as the
"City") and the Village of Johnson City (hereinafter referred to as the
"Village") pursuant to Article 5G of the General Municipal Law, established
a joint sewage project by agreement dated July 14, 1965, known as "Agreement
No. 1" and this project is administered by a board established by such agree-
ment and known as Binghamton-Johnson City Joint Sewage Board (hereinafter
referred to as the "Board"), and

WHEREAS, the City and Village entered into another agreement dated
December 7, 1967, entitled, "Agreement No. 2 Binghamton-Johnson City Joint
Sewage Project", and

WHEREAS, the parties hereto are desirous of providing for a sur-
charge for certain wastes that was not provided for in the said agreement
No. 2 of December 7, 1967,

NOW, THEREFORE, in consideration of the mutual promises and cove-
nants of the parties hereto, it is mutually covenanted and agreed that the
said agreement No. 2 dated December 7, 1967, between the City of Binghamton
and the Village of Johnson City be and the same is amended as follows:

1. Paragraph 8 of the said agreement is hereby amended by adding
the following subparagraph I to it:

"I. Surcharge for wastes with strength in excess of the normal
standards of 300 parts per million Suspended Solids and 240 parts per million
of BOD. Surcharge shall be based on average unit cost per pound chargeable
to BOD and Suspended Solids. Unit costs shall be determined by dividing
Annual Debt Service Costs and Annual Operations and Maintenance Costs

attributable to BOD or Suspended Solids by the respective annual plant load.

Costs attributable to BOD and Suspended Solids shall be based on the following allocation of cost:

1) Debt Service	Flow	50%
	Suspended Solids	11%
	BOD	39%

2) Treatment Plant Operation and Maintenance costs

Flow	20%
Suspended Solids	24%
BOD	56%

Average unit cost as defined above shall be applied in accordance with the following surcharge formula:

$$\text{Daily Surcharge: } 8.33 Q_i (C_{\text{BOD}} (\text{BOD}_i - 240) + C_{\text{SS}} (\text{SS}_i - 300))$$

Q_i = flow from surcharged user in million gallons per day

BOD_i = raw waste BOD in surcharged user discharge in parts per million

SS_i = raw waste Suspended Solids in surcharged user discharge in parts per million

C_{BOD} = average unit cost attributable to BOD in dollars per pound

C_{SS} = average unit cost attributable to Suspended Solids in dollars per pound.

The Board shall, with the approval of the municipal user, be empowered to perform all tests necessary to establish the effluent characteristics of facilities located within the geographical boundaries of the municipal user for the purpose of determining whether a surcharge should be imposed on said facilities.

Should a facility default in payment of any surcharge imposed by the Board for more than thirty (30) days after such surcharge is due and payable, then and in such event the Board shall have the right to refuse to accept further sewage for treatment from said facility until such surcharge is paid by said facility.

IN WITNESS WHEREOF, the parties hereto have executed this instrument the day and year first above written.

ATTEST:

Paul A. Lisi
City Clerk

THE CITY OF BINGHAMTON

By *W. L. L. L.*
Mayor
